

Mr Brain Printable Puzzles

Teacher Resource #4

A small collection of printable puzzles designed for classroom use, early finishers, brain breaks, or quiet independent work. This resource includes a mix of visual, number, and logic puzzles with simple instructions and a range of difficulty.

What's Inside:

- 1. Word Search** - Find and cross out all the hidden words. Words may go across, down, diagonally, or backwards. Then read the remaining letters from left to right, top to bottom, to discover the secret message.
- 2. Missing Operations** - Fill in the missing math symbols to make each equation correct. Use only + and -
- 3. Numberlink** - Connect each pair of matching numbers with a path. The paths cannot cross or overlap. All cells should contain a path in the end.
- 4. Finish the Symmetry Picture** - Complete the missing half of the picture so that both sides are symmetrical.

Suggested use: Individual work, early finisher activity, brain break, homework, or small-group practice.

Designed for elementary-age puzzle solvers. Teachers can choose activities based on their students' experience and ability.

Difficulty may vary between individual puzzles.

License & Use

This resource may be printed and used for personal and educational purposes, including classroom use.

You may make copies for your own students or household.

Reselling, redistributing, uploading, or including any part of this resource in another product is prohibited.
